Erratum to “**Short communication: Characterization of Madin-Darby bovine kidney cell line for peroxisome proliferator-activated receptors: Temporal response and sensitivity to fatty acids**” (J. Dairy Sci. 91:2808–2813)

M. Bionaz, C. R. Baumrucker, E. Shirk, J. P. Vanden Heuvel, E. Block, and G. A. Varga

An error was noted in the caption to Figure 1. The caption should read (corrected text in bold):

Figure 1. Expression of carnitine palmitoyl transferase-1 (*CPT1A*) and lipoprotein lipase (*LPL*) in Madin-Darby bovine kidney (MDBK) cells. *CPT1A* [Wy-14643 (WY) $P < 0.01$; SEM = 0.06 and dimethyl sulfoxide (DMSO) $P = 0.49$; SEM = 0.04] response after 50 μM WY treatment and *LPL* [rosiglitazone (ROSI) $P < 0.01$; SEM = 1.6 and DMSO $P < 0.01$; SEM = 0.08] response after **10 μM** ROSI treatment. Asterisk denotes significant difference ($P < 0.05$) compared with time 0 for WY-DMSO and ROSI:DMSO.

The authors regret the error.
