Erratum to “Peripartum responses of dairy cows to prepartal feeding level and dietary fatty acid source” (J. Dairy Sci. 94:917–930)

A. Hayirli, D. H. Keisler, and L. Doepel

Hélène Petit was inadvertently omitted as a co-author on the above-referenced paper.

In addition, liver triglyceride and liver glycogen concentrations were incorrectly presented; units should be % of DM (not $\mu\text{g/g}$ of DM) for both. This correction should be made in the abstract (page 917), Figure 5 (page 925), and the last sentence in the Liver Parameters section (page 926).

The authors regret the errors.
