Erratum to “Species-specific identification of commercial probiotic strains” (J. Dairy Sci. 85:1039–1051)

P. S. M. Yeung, M. E. Sanders, C. L. Kitts, R. Cano, and P. S. Tong

In Table 2 (page 1041), the source for 2 bacterial strains was incorrect. Strains with laboratory designations DPTC 047 (*B. infantis* BBI) and DPTC 003 (*B. longum* BBL) were incorrectly noted to come from Chr. Hansen (Milwaukee, WI); these strains were actually from Danisco (Madison, WI).

The authors regret the error.
