The deadline for the submission of position announcements for publication in the *Journal of Dairy Science* is the 25th day of the month, two months preceding the month of issue. For example, ads submitted by May 25 will be printed in the July issue of the journal.

Fees for ads are based on membership in the American Dairy Science Association or the American Society of Animal Science. For members, the flat fee is $150; for others, $250. We do not accept display ads. Ads from agencies are not commissionable.

Position announcements should be electronically submitted, using the form on the Federation of Animal Science Societies (FASS) Web site, [http://www.fass.org/job.asp](http://www.fass.org/job.asp), for publication in the printed version of the journal and online at the FASS Job Resource Center. Ads that appear in the printed version will automatically be posted online at no extra charge. Ads that are received past the deadline will appear only on the Web site.

If electronic submission is impossible, ads can be e-mailed to fass@assochq.org. Ads should be formatted as a single paragraph; complete sentences should be used. Advertisers will receive an invoice after the ad is posted or published; those who meet print publication deadline will receive a tear sheet with the invoice.

For more job placement announcements, please see the FASS Job Resource Center at [http://www.fass.org/](http://www.fass.org/)

**S-PAC at a Glance**

S-PAC continues to grow in both the number of subscribers and high-value proceedings available in the database: 449 subscribers in 35 countries, and 39 conferences with 372 proceedings. During the past year, we have added two new conferences to our lineup, the Southern Dairy Conference and the I-29 Dairy Conference, and 56 additional proceedings to the database. S-PAC offers the most cost and time effective way to access information from these conferences and it becomes a better deal every time we add a new conference or proceedings to the database. We are always looking to add conferences that may be missing and are actively seeking to include more dairy foods and international conferences to the database. Visit [http://spac.adsa.org/](http://spac.adsa.org/) to check out the complete list of conferences. If you are not already a subscriber, it is a great time to join. Please contact Ken Olson (keolson@prodigy.net) with questions or suggestions.

**Upcoming Meetings . . .**

**Positions Available . . .**

The University of Wisconsin-Platteville invites applications for a full time, nine-month tenure-track appointment in animal science. The successful candidate will be engaged primarily in teaching and advising undergraduate students, but will also contribute scholarly and professional work and service. Teaching responsibilities will be primarily in dairy science. Full position description including responsibilities, required qualifications, and application procedures are available at [http://www.uwplatt.edu/pers/](http://www.uwplatt.edu/pers/). Review of applications will begin December 16, 2011, and continue until the position is filled. Start date is August 24, 2012. Employment will require a criminal background check. EO/AA employer.

For more job position announcements, please see the FASS Job Resource Center at [http://www.fass.org/job.asp](http://www.fass.org/job.asp).
