Publisher’s note

Elsevier would like to bring to your attention an overlap in the pagination of Volumes 107/1 and 107/2. While proceeding with Volume 107/2, the page ranges of the following articles overlap with the final article in Volume 107/1:

- **107/2:** “Perspective: Can we actually do anything about inbreeding?” authored by John B. Cole [DOI: https://doi.org/10.3168/jds.2023-23958]

- **107/2:** “Invited review: Camel milk—derived bioactive peptides and diabetes—Molecular view and perspectives” authored by Mohammed Akli Ayoub, Pei-Gee Yap, Priti Mudgil, Farheen Badrealam Khan, Irfa Anwar, Khalid Muhammad, Chee-Yuen Gan, Sajid Maqsood [DOI: https://doi.org/10.3168/jds.2023-23733]

The following article appears in Volume 107/1; however, the page numbers for this article overlap with the first two articles in Volume 107/2:

This pagination error was inadvertently introduced during production. Elsevier would like to sincerely apologize to our authors who were affected by this error.
